

ULTRA TRAIL AUSTRALIA 222KM TRAIL RUNNING TRAINING PACKAGE

BY HANNY ALLSTON

2018-19

Thank you so much for purchasing my UTA22 Training Planner.

The focus of this training planner is to help you to *find your feet*, using your Ultra Trail Australia goal as a foundation for personal growth and wilder adventures. I cannot emphasise strongly enough that **this training plan is a guide.** I hope that you see it as an opportunity to learn the skills of preparing for trail running goals whilst incorporating exercise into a lifestyle. Therefore, I believe it is absolutely essential for you to use this training planner in combination with the extensive knowledge located in my newly released <u>Trail Running Guidebook</u>. This Guidebook explains in detail the theories behind my training resources, and provides insights on a wide range of important topics such as recovery, common injuries, nutrition & hydration, and psychology. All of these topics will be imperative to understand prior to race day!

I have learnt from my own elite running career and ten years of coaching endurance runners, that in order to thrive in your chosen goal it is essential that you are willing to sit firmly in the driver's seat; to listen to your body and fully respect the demands of your personal lifestyle. I call this – **being wilder**. It is essential to ask yourself the question, 'Who am I when I am not running?' If you are struggling to answer this question then there is a strong risk that your running goals will feel unsustainable over the longer term. Next, it is critical that this goal is fun! Make sure that you incorporate the activities, locations, trails and friendships that you love. I dare you to – **play wilder**. Only then will you feel ready to – **perform wilder**.

Find Your Feet Australia, 107 Elizabeth Street, Hobart Tasmania 7000, www.findyourfeet.com.au As you will see in this training planner, there are plenty of opportunities to select carefully from a breadth of sessions on offer. This is to ensure that you do not place too many stresses on your body thereby risking injury, illness and disengagement from the goal. Feel free to modify any sessions to ensure that you are getting the rest and recuperation that you require to maintain your enjoyment in the goal and your physical health. After all, we are all unique human beings and our bodies are certainly not machines!

Finally, I have learnt through hard lessons that racing success does not make you a better or more successful person. Rather, the journey to UTA and the 'self' you build along the way are better measures of personal attainment, as is your excitement for the *'what next?'* You are about to start on a successful journey that can lead you into a long-term lifestyle incorporating great health, happiness and wilder adventures.

I am excited! Are you?

SINCERELY, HANNY ALLSTON

TESTIMONIES

YOUR PROGRAM WAS A MASSIVE HELP. NOT JUST THE 24 WEEKS OF DETAILED WHAT-TO-DO-&-WHEN, BUT THE PRECEDING INFORMATION WAS INVALUABLE TOO.

EVEN THOUGH I'D BEEN FOLLOWING YOUR PLAN AND IT WAS THE CORE OF MY TRAINING THAT I ONLY ADJUSTED TO BETTER FIT IT TO MY LIFESTYLE AND ROUTINE, I KNEW I WAS GOING TO BE PREPARED FOR RACE DAY AND WOULD BE STRONG LINING UP AT THE START, I STILL HAD LOTS OF FEARS AND WAS VERY SCARED TO SAY THAT MY AIM WAS TO FINISH THE 100 WITHIN 18 HOURS. I HAD A GREAT TIME FROM START TO FINISH, WITH A BIG SMILE ON MY FACE, FELT STRONG AND HAPPY AND ONLY HAD A FEW SHORTER SECTIONS WHEN I FELT TIRED OR A BIT DEFLATED. I HAD NO NIGGLES, FINISHED THE EVENT WITHOUT ANY BLISTERS OR CHAFE AND WITH A DREAM TIME OF 16 HOURS AND 41 MINUTES :-) THANK YOU THANK YOU THANK YOU!!!

HAD TO GO INTO THE 100 WITH A COMPLETELY DIFFERENT 'GAME PLAN' AS I NEVER AND THE PODCASTS I LISTENED TO, I KNOW IT WOULD HAVE BEEN A LOT HARDER TO RAINED' THINKING I WOULD BE DOING IT BY MYSELF... WITHOUT YOUR PROGRAM ro send you a big thank you <u>GET TO THAT FINISH LINE... SO I JUST WANTED ⁻</u>

YOUR TRAINING PLANS HAVE HELPED ME IN A 50KM, 3 X UTA100 AND ONE HOUNSLOW WITH IMPROVEMENTS EACH YEAR... THANK YOU...

I FOLLOWED YOUR UTA50 TRAINING PLAN AND IT WAS THE BEST TRAINING GUIDE THAT I HAVE EVER FOLLOWED. IT COMBINED LOGIC AND SENSE WITH A PHILOSOPHY ON RUNNING THAT WAS REFRESHING IN RECOGNISING THE GOALS & PASSION OF MERE MORTALS.

@KARAMABIE

THANK YOU SO MUCH! IT WAS WELL LAID OUT, EASY TO FOLLOW, ACHIEVABLE WITH A MISSION ONLY EVERY THREE WEEKS, TIME ALLOWED FOR RECOVERY. HAD NO IDEA WHERE TO START WHEN I PUSHED THE ENTER BUTTON, AND I LOVED EVERY MINUTE OF MY UTA50 EXPERIENCE. AGAIN, THANK YOU.

YOU INSPIRED ME TO CHALLENGE MYSELF AND SAFELY TEST MY LIMITS AND I AM FOREVER GRATEFUL FOR YOUR EARLY GUIDANCE.

ALTHOUGH WE HAVEN'T MET, YOUR TRAINING PLAN, GUIDE AND PODCAST GOT ME TO THE START LINE OF MY FIRST ULTRA HEALTHY AND HAPPY. I HAD NO EXPECTATIONS HAVING NOT DONE A RUN OF THIS DISTANCE OR IN TERRAIN LIKE IT BEFORE. I CAN SAY I ACTUALLY ENJOYED THIS RACE. SO AGAIN, THANKS COACH!

For more detailed information on this concept, please refer to my <u>Trail Running Guidebook</u>. You may also need to arrange an additional <u>Performance Consultation</u> with me.

	We suggest that you begin on this plan following a period of walking and gentle jogging to build up your fitness. If you are not yet able to comfortably back up runs and feel comfortable throughout a day following training then you would be best to begin on the planner in January. In this instance, for the month of December gently jog 3-4 days per week and include 1-2 cross-training and strength sessions.	Longer Run: add some hills and trails in if you can. Run this at a talking pace	Long walk or cross-training at a talking effort		Aerobic run on gentle rolling hills	Easy trail jog/run at talking pace	Active recovery activities such as easy walking or crosstraining			Activity	KEY SESSION

	If week 1 of the plan went comfortably then this week we up the volume a little. The focus of the week is the Thursday Tempo Run and the Sunday Long Run. The Tempo run should feel 'comfortably- uncomfortably' whilst the long run just completed at a talking pace.	Longer Run: add some hills and trails in if you can. Run this at a talking pace	Alternate: 15min walk/15min jog for up to 75mins		Aerobic run on gentle rolling hills - try to run the hills a little stronger than the flats	Easy trail jog/run at talking pace	Active recovery activities such as easy walking or crosstraining			Activity	KEY SESSION
